I have known Dr. Finkelson since the mid-90's. He has the unique ability of bridging East and West, and this book is yet another example. By providing the reader with this "one-stop" book - from finding an EB-5 agent in China, to locating clients, and setting up an office in China - he has provided an invaluable resource. He not only dispels many of the myths surrounding the EB-5 industry in China, but provides the reader with an essential road map, enabling the reader to traverse the omnipresent bureaucracy and opaque layer of intermediaries. I have been working in the EB-5 field for nearly 20 years, and this is the first truly essential book I have seen during that time for anyone working with EB-5 clients in China or looking to establish a foothold in the market.

Sincerely,

Kenneth White
