Dr. Finkelson has put together a comprehensive guide on "how to" in EB5 for China. His extensive and detailed information covers all aspects even a seasoned immigration attorney will benefit from. This is a must have for anyone looking to be involved in EB5 program as many investors and EB5 agents are coming out of China. As an immigration attorney, I am constantly asked about information on EB5 program from both EB5 potential investors and US companies interested to be involved in EB5 program. This book answers a lot of questions for both categories of these interested parties. Moreover, this book provides guidance to immigration attorneys on how to work with EB5 agents in China and the Regional Centers in the US. I would recommend this book to all parties interested in participating, advising, working, or investing in the EB5 program. This is an investment you want to make.
